§113. Social Work Relationships

A. Exploitation. A social worker's duty requires the promotion and advancement of the best interests and welfare of clients, students, and supervisees with whom the social worker has a professional social work relationship when the social worker's primary purpose is the provision of social work services. This duty also applies to social workers engaged in all areas of social work practice. It is a breach of this duty for a social worker to use the professional relationship to promote or advance the social worker's emotional, financial, sexual, or personal needs, or the social worker's personal, political, or religious agenda. Examples of exploitative behavior may include, but are not limited to, the following:

A.1. - A.7 ...

B. Dual Relationships. Social workers have an affirmative duty to maintain the best interest of clients and former clients as the predominant consideration during the existence of the social worker/client relationship and thereafter. While clients and former clients with whom the social worker has or had a clinical/therapeutic relationship are at greater risk, any relationship with a client or a former client exposes clients and former clients to the risk of exploitation. Social workers shall be aware, even in those instances where other relationships are not specifically prohibited, that the social worker by promoting, encouraging, or participating in any relationship with a client or former client runs a risk of exploitation. Dual or multiple relationships occur when social workers relate to clients in more than one relationship, whether professional, social, or business. Dual or multiple relationships can occur simultaneously or consecutively. A social worker shall not knowingly engage in dual relationships with clients or former clients that compromise the well-being of the client or former client, impair the objectivity and professional judgment of the social worker, or increase the risk of client exploitation. When social workers provide services to two or more people simultaneously who have a relationship with each other (for example, couples or family members), social workers shall clarify with all parties which individual(s) are considered client(s) and the nature of the social worker's professional obligations to the various individuals who are receiving services. Social workers shall avoid multiple relationships with clients, (such as that of a therapist and custody evaluator, mediator, and parenting coordinator, etc.). Social workers who anticipate a conflict of interest among the individuals receiving services or who anticipate having to perform in potentially conflicting roles (for example, when a social worker is asked to testify in a child custody dispute or divorce proceedings involving clients) shall clarify their role with the parties involved and take appropriate action to minimize any conflict of interest.

1. Personal Relationships with Clinical/Therapeutic Clients. A social worker shall not engage in a personal relationship with a clinical/therapeutic client. When a social worker may not avoid a personal relationship with a clinical/therapeutic client, the social worker shall take necessary protective measures consistent with the best interests of the clinical/therapeutic client such as informed

consent, consultation, or supervision to ensure that the social worker's objectivity and professional judgment are not impaired.

2. Personal Relationships with Former Clinical/Therapeutic Clients. A social worker may engage in a personal relationship, except as prohibited by §113.B.4., with a former clinical/therapeutic client, if the former clinical/therapeutic client was notified of the termination of the professional relationship. The social worker shall continue to consider the best interests of the former client and shall not engage in a personal relationship with the former client if a reasonable social worker would conclude that the former client continues to relate to the social worker in the social worker's professional capacity.

A. - D. ...

§125. Social Work Educators

A. A social work educator's purpose is to educate social work students by various means in person or remotely including but not limited to classwork, lectures, field work, and mentorship.

B. Social work educators shall provide instruction only within their areas of knowledge and competence and shall be knowledgeable about current best practices.

C. The relationship of a social work educator to their students is comparable to that of a social worker to their client. Social workers who function as educators should not engage in dual relationships with students in which there is a risk of exploitation or potential harm to the student, including dual relationships that may arise while using social networking sites or other electronic media. Social work educators are responsible for establishing and maintaining clear, appropriate, and culturally sensitive boundaries.

D. A social work educator is afforded vast discretion in making academic, pedagogical, and administrative decisions. The board may not discipline a social work educator for an act or omission that falls within the purview of that discretion unless the act or omission involves conduct prohibited by subsections B and C of this Rule. The purview

of this discretion includes without limitation, graded assignments, student discipline, curriculum development, pedagogical methods, and departmental and institutional matters.

Chapter 7. Recovering Professional Program Authority

§ 701. Authority

A. The Louisiana State Board of Social Work Examiners recognizes that impairments in the functioning of persons licensed, credentialed or registered to practice under the auspices of the Louisiana Social Work Practice Act can affect competent delivery of social work services and impair professional judgment.

B. Therefore, in order to safeguard the public health, safety, and welfare of the people of this state, as mandated by R.S. 37:2701, the Louisiana State Board of Social Work Examiners establishes the Social Work Recovering Professional Program.

C. If the board receives verifiable information, which information or report puts in question a licensee's or applicant's ability to perform the essential functions of practicing social work without risking injury to themselves or others, the licensee or applicant shall submit to such physical or mental examination, evaluation, test, or drug/alcohol screen as requested by the administrator or board designee to determine the licensee's or applicant's ability to practice social work with reasonable skill and safety.

The program also supports recovery through preventive measures and allows entrance into the program before harm occurs.

B. ...

C. Professionals who participate in evaluation, monitoring or treatment and who are recognized approved or designated by the board to render these services are afforded the immunity provisions of the Social Work Practice Act, R.S. 37:2723. §1305. Criteria for Approval of Continuing Education Offerings

Formally §317(M) and (P)

A. The following learning forums are approved for continuing education as long as they contain content applicable to social work practice:

1. in-person educational offerings and synchronous interactive webinars sponsored by or approved by social work licensing bodies, a Board authorized pre-approval organization, state and national professional social work organizations, and schools accredited by the Council on Social Work Education;

2. educational offerings sponsored by or offered by entities approved by the Association of Social Work Boards;

3. distance learning (teleconferences, telecourses, home-study courses and pre-recorded or internet courses) sponsored by entities listed in this section, or pre-approved by a Board-authorized pre-approval organization cannot exceed a total of 10 clock hours of the required 20 clock hours of continuing education required annually for renewal of social work credentials;

4. continuing education activities or academic courses provided by accredited schools of social work. Academic course work counts per actual class hour;

5. presentations of content applicable to social work practice at professional conferences, staff development meetings, and other appropriate forums in which the licensee is the primary presenter;

6. attendance at staff development presentations with content applicable to social work practice (such as a staff meeting with a formal and in-depth presentation on working with clients who present borderline symptoms, etc.). The presenter's name, credentials, date of presentation and nature of the content covered must be provided. Case based staffing meetings are not included as appropriate continuing education experiences;

7. attendance at professional social work meetings, Association of Social Work Boards (ASWB) item writing workshops, symposiums, panel discussions, or conferences sponsored by the professional associations suggested in this section. The dates and nature of content or consultation covered must be provided;

8. formal study groups of three or more participants. Licensees must submit names, addresses, telephone numbers and credentials of group members to the board. Study groups must maintain records of topics, attendance, meeting times, and presenters for audit purposes;

9. contracted professional consultation which the credentialed social worker receives. Licensees must provide the paid consultant's name, address, telephone number, credentials, and the dates and focus of the consultation;

10. preparation of substantial written material with content applicable to social work practice which requires literature search, research, and explication of social work content (such as writing a social work article or book for publication, or a major grant application). Specific information about the nature of the written work, the effort required, and the publisher or funding agency must be provided. These activities may be counted for no more than five hours continuing education.

11. reading books or journal articles with content applicable to social work and followed by a face-to-face discussion as part of an organized workshop. A maximum of one hour credit can be obtained from reading a book if the licensee signs a statement that they read the book, attended the discussion about the book, and passed the pre-test administered prior to the face-to-face discussion with at least 70 percent. The one-hour credit for reading is considered distance learning. Credit for the discussion counts as actual time spent in the discussion and counts as in-person continuing education.

12. viewing documentary film with content applicable to social work practice not deemed for the general public and followed by a face-to-face discussion. The film shall be pre-approved by the board and must rate a ten or higher on the Guide for Assessment of Continuing Education to qualify for continuing education credit;

13. independent study pre-approved by the board;

14. attendance at regular meetings of the board, for which social workers may receive credit for actual time spent attending the public portion of the meeting—one hour of this time will be designated as an ethics hour and all other time will be designated as general continuing education provided, however, that no social worker may receive more than ten hours of continuing education per collection period from attending meetings of the board or its committees;

15. attendance at meetings of the committees of the board, for which social workers may receive credit for actual time spent attending the meeting—the chair of the committee shall designate in advance the nature of the continuing education credit received by attendees, provided, however, that no social worker may receive more than ten hours of continuing education per collection period from attending meetings of the board or its committees.

B. Should the individual licensee make the determination that an education offering which is not pre-approved by one of the approval organizations has content applicable to social work practice, the Guide for Assessment of Continuing Education in this Section must be used. This document, as well as all the relevant course materials, and the certificate of completion must be maintained in the event the licensee is audited.

C. The following learning situations will not be accepted for continuing education credit:

1. banquet speeches;

2. non-social work content courses not directly related to enhancement of social work skills or performance as a social work employee. (Example: Computer, financial or business management courses designed to enhance the business of private practice);

3. staff orientation, administrative staff meetings and case management meetings;

4. book reports or critiques of professional journal articles; and

5. a continuing education offering that rates a zero in any category of the Guide for Assessment of Continuing Education in this Section.

D. Guide for Assessment of Continuing Education. As continuing education events vary across the categories listed below, the appropriateness of considering them as acceptable continuing education also varies. Continuing education approval organizations must use the criteria in this Subsection to evaluate continuing education offerings. An event must receive a total score (combination of all three sections) of at least 10 to be acceptable for continuing education to renew a social work credential. If any category below rates a zero, the education offering is not acceptable for social work continuing education.

**FISCAL AND ECONOMIC IMPACT STATEMENT
FOR ADMINISTRATIVE RULES**

RULE TITLE: Credentials of Social Work Examiners

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)

The Louisiana State Board of Social Work Examiners ("Social Work Board") will incur an approximate cost of \$213 per page to publish the notice and rule in the *Louisiana Register*. There are no other implementation costs or savings for state or local governmental units resulting from promulgation of this proposed rule change.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

The proposed rule is anticipated to have the following effect on the Social Work Board's revenue collections:

The proposed amendment to section 313 increases-the annual license renewal fees to \$100 for Licensed Clinical Social Workers (LCSWs), Licensed Master Social Workers (LMSWs), and Certified Social Workers (CSWs), and to \$50 for Registered Social Workers (RSWs). Additionally, the amendment increases the fee for written verification of a license, certificate, or registration to \$25. These changes are anticipated to increase revenues.

The proposed amendment to section 325, which authorizes certain social workers to elect emeritus status, may reduce the number of license renewals. The increase in revenue from higher annual renewal fees may be offset by social workers electing emeritus status, which has a lower fee compared to active license renewals. However, as there is no available data to estimate how many licensed social workers might choose emeritus status, the impact on revenue is expected to be minimal.

NOTICE OF INTENT

Department of Health Health Standards Section

Behavioral Health Service Providers
Licensing Standards
(LAC 48:I.Chapter 56)

If license renewals include 1,800 Registered Social Workers (RSWs), 3,000 Certified Social Workers (CSWs) or Licensed Master Social Workers (LMSWs), and 4,400 Licensed Clinical Social Workers (LCSWs), including Board Approved Clinical Supervisors (BACS), revenue collections are anticipated to increase by approximately \$298,700 annually.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS, SMALL BUSINESSES, OR NONGOVERNMENTAL GROUPS (Summary)

The proposed amendment to §305(D) reduces the number of hours of supervised postgraduate social work practice for licensed social workers pursuing clinical licensure after January 1, 2022, from 5,760 to 3,000. This reduction may benefit LMSWs by accelerating their pathway to licensure. Small businesses and non-governmental organizations employing Licensed Clinical Social Workers (LCSWs) could also benefit by being able to hire additional LCSWs to expand the clinical services they offer to clients.

The proposed enactment of section 307(E) authorizes LMSWs pursuing clinical licensure to take the LCSW examination up to six months before completing their required postgraduate supervision.

The proposed enactment of section 325 implements inactive status for licensed social workers not actively providing client services. Social workers in this status, for up to five consecutive years or a maximum of ten cumulative years, would have their annual continuing education requirement reduced from 20 hours to 10.

The proposed enactment of section 327 establishes emeritus (retired) status for licensed social workers who are disabled or at least 60 years old and have been credentialed for at least 30 years. This status reduces the annual continuing education requirement from 20 hours to 10 and sets the emeritus status fee at half of the regular license renewal fee.

The proposed enactment of section 509 authorizes telesupervision for social workers pursuing clinical licensure. Telesupervision is anticipated to provide economic benefits by reducing or eliminating costs associated with traveling to supervision meetings.

The proposed enactment of section 1311 allows up to 10 surplus continuing education hours completed during one collection period to carry over to the next collection period. It also permits continuing education hours to be earned by attending committee meetings.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

The proposed enactment of section 307(E), which allows early testing for LMSWs pursuing clinical licensure, may positively impact competition and employment. LMSWs who pass the LCSW examination before completing all licensure requirements could obtain LCSW positions earlier, increasing their employment opportunities and enhancing competition in the field. However, LMSWs will still be required to fulfill all licensure requirements, including supervised practice hours, before being officially licensed as an LCSW.
